Britvic plc ("Britvic") Outsourcing Proposals - 24 April 2007

As a result of a review focused on its strategic goal of driving efficiency and reducing cost, Britvic has today entered into a consultation process with its employees on the following proposals:

- the outsourcing of its secondary retail distribution network to KN Drinks Logistics
- the outsourcing of its vending and chiller remanufacturing operations to Apollo Vending Services

As a result of these proposals it is anticipated that up to 450 employees would be transferred from Britvic to KN Drinks Logistics and Apollo Vending Services in FY08. Both proposals are subject to the employee consultation process, due diligence and any contract finalisation. It is currently anticipated that these operational changes would be implemented by October 2007.

Related to these proposals, Britvic has exchanged contracts for the disposal and short term lease back of its depot in Tamworth, the only freehold site within the secondary retail distribution network, at a net cash consideration of £9.0m. This compares to a NBV of £5.8m as at 15 April 2006.

Over the last two years Britvic has driven a number of significant efficiency programmes delivering £11m of sustainable overhead cost savings with an additional £4m of savings identified for FY07 and £3m for FY08. The actions detailed in today's announcement are expected to add an incremental £5-6m in annualised savings at an operating profit level by FY09 at a one off exceptional cost of £3-4m in FY08. The proposals would also reduce capital expenditure requirements by £2-3m from FY08.
